INSURANCE MANAGEMENT LTD

Specialist Underwriting...Empowering Brokers

# Imperium is distinct by design

Imperium is anything but your standard MGA. Imperium is obsessed with empowering you with something a little bit different to help you grow. Three distinct characteristics enable this:

# Specialist

We want to make it easier for you to place specialist risks efficiently. Our product development is focused on niche business; our staff are experts in their field; and our sister company a Lloyds broker for those risks that are harder to place.

# Easy Trading

Our aim is to make it as easy as possible to look after your clients business. We do this through our simple and flexible system solutions that enable quotes to be obtained instantly. We can build bespoke scheme propositions that suite the needs of your business. Specialist underwriters are easily accessible to ensure we deliver to your requirements.

Imperium is a leading UK MGA providing commercial e-trade insurance solutions to brokers. Imperium helps broker partners grow their business by delivering specialist solutions; easy trading platforms; and exceptional service.
